NOTIFICATIONS.

Fort St. George, May 19, 1923 (*G. O. No.* 420, *Public*).

No. 193.—The Government in long series of orders have done their utmost to impress on their officers the duty of redeeming the pledge made that special facilities in the way of obtaining land and employment would be given to those who undertook military service, either as combatants or non-combatants or in a clerical capacity, during the great war. They have no intention of withdrawing from those pledges and will continue to make every effort to afford preferential treatment to those who have earned it. Further the organizations which exist in every district will continue to safeguard the home interests of Indian soldiers and ex-soldiers who joined the army after the conclusion of the great war as well as of those who served during that period; and these district committees will be expected to see that all reasonable assistance is afforded to those who have served in the army in any capacity and at any time to enable them to secure land under the ordinary darkhast rules and employment in the ordinary way wherever suitable openings are forthcoming.

2. What the Government now wish to make clear is that it was never intended that persons recruited in peace time should receive special concessions and extraordinary facilities in the matter of employment and the grant of lands. It must be realized that the supply both of posts and of land is not inexhaustible and yet the Government continue to receive a very large number of applications from men who joined the army generally in a clerical capacity—long after active operations and the danger that they entailed had ceased and who seem to consider that they have a claim to the special concessions reserved for those who have real war service to their credit. These applications come chiefly from men who sacrificed little or nothing by going to Mespot to serve in clerical posts on a much higher pay than they could have hoped to receive in India.

3 It is therefore notified for general information that in future except in so far as the Government are always anxious that ex-sepoys should be re-entertained in suitable posts where possible preferential treatment in the matter of employment and the grant of lands will be reserved for those soldiers and military clerks who were actually recruited before the 11th November 1918—the date of the Armistice.

[*25th April* 1923.]

WHEREAS the raising or keeping of a standing Army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and seventy thousand eight hundred, including those to be employed at the depots in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions:

And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-three thousand, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid, and the provisions of the Air Force Act are due to expire at the same dates as the provisions of the Army Act: 7 & 8 G. 5, c. 51.

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid:

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and twenty-three on the following days:—

(*a*) in Great Britain and Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(*b*) elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July.

Be it therefore enacted by the King's most Excellent Majesty by and with the advice and consent of the Lord Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

(3) A person subject to military law or to the Air Force Act shall not be exempted from the provisions of the Army Act or Air Force Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the regular forces, is either greater or less than the number hereinbefore mentioned.

PENSIONS AND GRATUITIES—FUNDS, SERVICE AND OTHERS.

Simla, the 15th May 1923.

[Question of final withdrawal of Provident Fund deposits by subscribers resigning one Government appointment in order to take up another.]

No. 1068 F. E.—It has been brought to the notice of the Government of India that some uncertainty exists as to whether a subscriber to a special Provident Fund may be allowed to withdraw his deposits finally if he resigned one Government appointment in order to take up another. The Government of India are of opinion that a subscriber cannot be considered to quit Government service finally when he resigns service under one Local Government in order to accept an appointment under another Local Government or the Government of India, or when he transfers his service from one branch of Government to another. Consequently they have decided that a subscriber to any Provident Fund is not entitled to the return of his deposits in such circumstances if the rules governing the Provident Fund in question do not permit the final withdrawal of deposits until he has quitted Government service.

Five out of the twenty scholarships will be reserved for Muhammadan students. Scholarships in the first year will be awarded by the Principal on the results of the first three monthly examinations. Scholarships tenable in the second and third years are ordinarily allotted on the results of the monthly and annual examinations. All scholarships are conditional on the good behaviour of the holders. Students who are in the enjoyment of the Government scholarships are required to refund the amount which they have received as stipends and also to pay tuition fees at the rate of Rs. 36 per annum, if they leave the college without sanction or are expelled for misconduct.

7. *Terms and time-table.*—Each year comprises two sessions—one from July to December and the other from January to March. Tables of the times and subjects of the lectures to which both teachers and students should adhere will be posted on the notice board at the commencement of each term.

Any further leave to scholarship-holders except sick leave for a month will be subject to stoppage of scholarship. Leave of absence in each case of illness will be recognised only on the production of a certificate from a duly qualified medical practitioner.

For admission to the examination candidates must have studied at the college for such times as may be prescribed and have attended at least three-fourths of the year's lectures and have done practical work in their respective classes.

11. *Hostel.*—The hostel attached to the college provides accommodation for 43 students. Students are at liberty to make their own arrangements as to their board and lodging. A monthly rent of Re. 1 for a single room in the new extensions and Rs. 1 for a single room and As. 12 for a double room (i.e., a room accommodating two students) in the old block will be charged for each student who elects to take up his lodging in the college hostel.

12. *Prospects of students who pass out of the College.*—Graduates of the college are eligible for appointment to the following posts in the provincial and subordinate services of the Civil Veterinary Department in the Madras Presidency. Acting Principal.

AGRICULTURAL COLLEGE, COIMBATORE.

PROSPECTUS.

The College is intended for the scientific and practical training of those who intend to make agriculture their main profession.

Certificate Course.—Candidates should be of good physique and should have secured "eligibility" in the Secondary School-Leaving Certificate examination. The course is complete in itself and lasts for two years. It is a specially practical course in which a thorough training is given in actual farming but no Science is taught as such. Students who pass their final examination are awarded the Certificate of Proficiency in Agriculture.

The instruction given is both theoretical and practical. All students have to take part in field work and learn how to perform all the ordinary agricultural operations. They are given practice in the care and handling of farm animals, work in the dairy and simple work in the Blacksmith's and carpenter's shops. The theoretical instruction includes lectures on the Principles and Practice of Agriculture, Agricultural Chemistry, Botany, Plant Diseases and Pests, the Care of Animals in health and sickness, Agricultural Engineering and Surveying. In all subjects the necessary practical work is included together with the maintenance of note books and observation books. Classes are taken on tours of inquiry to such places as may be decided by the Principal, under the orders of the Director of Agriculture. During such tours students are entitled to single third-class fares for journeys by rail and four annas batta for each day of absence from Coimbatore.

APPLICATIONS FOR ADMISSION.

Students from all parts of India are eligible but preference is given to those from the Madras Presidency and Coorg. Candidates must have reached the age of sixteen years on or before 1st June in the year when application is made.

The following certificates must be produced:—

(*a*) Certificate of physical fitness, granted by a registered medical practitioner.

(*b*) Vaccination certificate, showing that the candidate has been vaccinated or has had small-pox after the age of ten.

(*c*) University certificate, if any.

(*d*) Testimonials of good character covering the previous two years.

(*e*) Leaving certificate from the last school or college.

Candidates must apply to the Principal on or before 30th June for the Certificate Course. Applications must be in their own handwriting and in the form prescribed.

TERMS.

The College year comprises three terms of study as follows:—

First term—15th June* to 15th September.
Second term—1st October to 22nd December.
Third term—16th January to 10th April.

* 1st July for new classes.

RESIDENCE.

All students are required to reside in the hostel attached to the College, and to have their meals in one of the hostel messes. Every student, on joining the hostel, must deposit a sum of Rs. 25, the balance of which will be refunded when the student leaves. He must also pay a monthly fee of eight annas to cover expenses of management, etc.

On joining a mess, or on every occasion on which the mess advance has been adjusted to pay up arrears, a registration fee of Re. 1 is payable. A monthly sum of approximately Rs. 24 provides for two substantial meals and two tiffins a day.

FEES.

No fees are charged for tuition or lodging for students from Madras or Coorg; students from other parts of India pay fees which can be ascertained on application.

Every student on joining the College shall deposit a sum of Rs. 5 caution money, to cover fines, breakages, etc. Any balance at the credit of the student will be repaid at the close of the course.

A fee of Re. 3 for the first term, Re. 2 for the second term and Re. 1 for the third term will be levied as a combined subscription to the Athletic Club and the Reading Room.

Students must provide themselves with their own books and sets of drawing instruments, but, as most of the instruction is given in lectures and field classes, the expense will be small. They must also, on joining the College, provide themselves with the uniform prescribed for games and ceremonial occasions, the total cost of which is about Rs. 25. This should not require renewing during their course. It is also desirable that they wear as far as possible the dress customary at the College for field work, which costs about Rs. 20.

SCHOLARSHIPS.

(i) No scholarships are awarded by Government for study at the College for the Certificate Course.

(ii) The Pentland scholarship is awarded by the Principal, biennially, or whenever a vacancy occurs, to a student from British Malabar of decided ability on the first-year class of the Agricultural College. It is tenable for three years.

for *Presidency Port Officer.*

NOTICE TO MARINERS.

INDIAN—WEST COAST, NARAKAL.

Smooth water will be found in 5½ fathoms L. W. S. T. soft mud on the following bearings magnitude, viz—

Maliparam Flagstaff N. 57° E.
Narakal Obelisk N. 35½° E.
Cochin Lighthouse S. 62° E.

2. Mariners are cautioned that the mud flats off Narakal have extended seaward.

3. Maliparam Light, bright, fixed, will be exhibited from the flagstaff from 15th May to 30th September.

4. In taking up an anchorage due consideration should be given to the state of the weather. The anchorage given is a good one for all weathers but smoother water will be found still further north. Vessels wishing for a quick despatch may, during fine weather, approach nearer Cochin to enable boats to get to and from Cochin between Vypeen point and the sands, but in this position during a fresh breeze a short sea rises getting up, making shipping operation difficult and causing damage to boats.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 5·15 inches, the average due for the same period being 4·91 inches.

Bill No. 4 of 1923.—The Madras Court Fees (Further Amendment) Bill, with Statement of Objects and Reasons. 127

Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

BILL No. 4 OF 1923

A Bill further to amend the Court Fees Act, 1870, in its application to the Presidency of Madras

WHEREAS it is expedient further to amend the Court Fees Act, 1870, in its application to the Presidency of Madras; It is hereby enacted as follows:— Act VII of 1870.

Short title.

1. This Act may be called the Madras Court Fees (Further Amendment) Act, 1923.

Amendment of article 10 of Schedule II of the Court Fees Act, 1870, in its application to the Presidency of Madras.

2. In Schedule II of the Court Fees Act, 1870, as amended by the Madras Court Fees (Amendment) Act, 1922, article 10, the words 'a legal practitioner' shall be substituted for the words 'an advocate'. Act VII of 1870. Madras Act V of 1922.

STATEMENT OF OBJECTS AND REASONS.

Under article 10 of Schedule II of the Court Fees Act, 1870, as amended by the Madras Court Fees (Amendment) Act of 1922, a memorandum of appearance filed by an advocate signifying or intimating that he is retained for a party is liable to be stamped. There is no law which requires a practitioner, whether an advocate or other kind of practitioner, to file vakalath in criminal cases. Rule 141 of the Criminal Rules of Practice enjoins that where a pleader representing a party to any criminal proceedings does not file a vakalath, such pleader shall be required to file a memorandum of appearance. The result is that memoranda of appearance filed by legal practitioners other than advocates in criminal cases escape liability for court fees while such memoranda by advocates are liable for the same. This is anomalous. In the interests of uniformity and in those of revenue it is necessary that the anomaly should be removed. Hence the Bill.
